"FISH WEEK" OCT. 24 TO 31

OTTAWA, Oct. 19.—Canada's annual "Fish Week" will be observed this year from October 24th to October 31st inclusive.

The observance has been arranged for the Canadian Fisheries Association, a national-wide organization, and the plan of setting aside a particular week in the year for the purpose of directing special attention to the national importance of the fishing industry, and the diet value of Canadian fisheries products, has the cordial approval of the Dominion's fisheries authorities. Comment at the Department of Fisheries today was to the effect that while "Fish Week" is planned by the industry itself, the department is keenly interested in it and commends it to popular notice.

"Some of the most interesting research work in connection with food-fish in recent years," it was said at the department, "has centred about the health values of fish and shellfish, and very important discoveries have been made. It has been found out, for instance, that fish foods contain vitamins which are essential to health, particularly Vitamin D, which is most valuable in the diet of growing children because it prevents such troubles as rickets. Different foods contain vitamins, of course, but fish have been found to be richer in Vitamin D than other foodstuffs."

COMBAT ANAEMIA
"Then, too, it has been ascertained that fish, and especially shellfish, are beneficial in cases of anaemia, while, of course, it has been known for some time past that sea fish and shellfish have much larger content of iodine—the great goitre preventative—than any other foods. When it is also remembered that fish contain such elements as calcium, the bone and teeth building substance, and that they are nourishing and easily digested, it is easy to see why their use is increasing increasingly by diet authorities."

"Canadian fish are available in such variety, and such satisfactory quality, that there is no need for anyone in the Dominion to buy imported goods. Canada's fisheries resources are remarkable both in extent and in the variety of fish and shellfish which they yield, and fishing and processing operations are carried on by modern methods and equipment."

Large New Hall On Fifth Street

Stacey's Hall, on Fifth Street, will be the centre of attraction this winter. This fine new hall, just being completed, has been under construction for the past couple of months and is without doubt one of the finest and largest halls on the Saanich Peninsula and will be second to none on the Island when finally completed. It can be seen for many miles, standing high above the other buildings, its Mansard roof starting upward from 12-foot six-inch walls. This will be a great asset to the community and is a credit to "Bill" Stacey.

The hall proper is 47 feet by 50 feet, full floor space without pillars or obstructions of any kind and is laid with 1 1/4-inch flooring, properly sized, sanded, scraped and polished by experts to make it one of the best dance floors in the district.

A stage 24x14, three feet high, at one end of the building makes the hall suitable for plays, concerts, lectures, etc., and it is Mr. Stacey's plan to have two dressing rooms, 18x10 feet, one on either side of the stage, these to be fittingly appointed at a later date.

The walls of the hall will be finished with v-joint seven feet high and in time of course it will be painted and decorated, both inside and out.

The lighting arrangement is very effective, being directly lighted from above, and natural light coming from three windows on either side.

To the right of the stage there will be a fine big kitchen where refreshments may be prepared.

Under the stage a small basement will be fitted up with a furnace with large registers on either side of the stage wall that will furnish ample heat to keep the building at an even temperature at all times.

The hall has already been engaged by the North Saanich Badminton Club and play will continue through the winter—the floor space is ideal for badminton and will no doubt prove very popular. The floor is excellent for dancing and will be well patronized during the coming months.

For many years now there has been no accommodation in Sidney for dances, large or small, and this will be a special attraction. The hall is also very suitable for public meetings, concerts, teas, card parties and various athletic "entanglements"—in fact entertainment of all kinds, afternoon or evening. A very pleasing feature is the marvellously clear and natural tone of the voice that carries to every part of the hall from the stage without echo or any vibration.

Mr. Stacey has no seating accommodation as yet as he has no chairs, but expects to have this arranged for in the near future. The hall will have a seating capacity of 500.

The entrance to the hall will be from Fifth Street, near Beacon Avenue, and the hall is attached to the building now known as Stacey's Radio and Show Room. The hall is the property of Mr. Stacey and his daughter, Marjory, and will be managed and operated by Mr. Stacey.

BRIDGE PRIZES FOR OCT. 26TH

Prizes for both contract and auction bridge will be awarded at the bridge tea on Wednesday, Oct. 26th. All participants are asked to supply their own cards and players will pivot and stay at their own tables. Anyone not wishing to play cards will be made welcome at the close of the afternoon when tea will be served.

The tea will be held in the North Saanich Service Club Hall, School Cross Road, and will commence at 2:30 p.m.

Anyone who has not yet made table reservations may do so by phoning 80-Y Sidney.

Admission price appears under Coming Events.

POPULAR EVENT FOR CHILDREN

By Review Representative

PENDER ISLAND, Oct. 19.—The Women's Institute are busy preparing for the forthcoming Halloween party for the children which has become an annual event. By way of a change the children are this year to stage group tableaux, and some splendid prizes are being offered for the best production as well as for the best fancy dress costumes. Having accepted a very good offer of a piano the members are also rehearsing for a variety program to be given early in November for the purpose of raising funds with which to purchase the instrument, and are also planning to hold a "White Elephant" sale early in December. The local branch was represented at the recent conference in Victoria by Mrs. Crane, of South Pender, who supplied the program for the October meeting—a very excellent paper on "Child Training."

Young People Hear Interesting Talk

The Young People's Society met on Monday evening for their regular meeting. Among items of business were the following: Arranged to hold the initiation of new members on Nov. 7th, members to be proposed at next week's meeting. The annual Halloween social will be held on Oct. 31st, when the young people from James Bay and those from Wilkenson Road are invited to be guests. Committees re the social, Christmas pageant, etc., were appointed.

The topic for the evening, "Does Our Conduct Reflect Our View of God," given by Basil Hartley, aroused much thought and discussion. The questionnaire, which opened the subject gave each an opportunity for expression.

The meeting for next week is in the hands of Ernie Jackson, who will speak on "Should Other People's Views Be Molested?"

ANOTHER OLD TIMER PASSES

By Review Representative
GANGES, Oct. 19.—The death took place at his home at Vesuvius Bay on Sunday, Oct. 9th, of Mr. Edwin Frampton in his 76th year.

For the past 18 months he had been living at Vesuvius Bay, previously having resided at Strawberry Vale.

The late Mr. Frampton was born in Dorsetshire, England, and was a retired banker.

He is survived by one brother, Mr. A. T. Frampton, of Victoria, three sons and five daughters: Messrs. W. J. Frampton of Victoria, Maurice of Tacoma, Eric of Victoria, Mrs. Dunford of Vancouver, Mrs. Bruen of New Westminster and the Misses K. and W. Frampton of Salt Spring Island.

The funeral took place on Wednesday, service being held at Christ Church Cathedral at 2 p.m., Rev. A. M. Acheson-Lyle officiating. There was a large gathering of friends and many floral tributes covered the casket. The remains were laid to rest in the family plot at Ross Bay Cemetery. The pallbearers were Messrs. C. S. Frampton, B. Lee, J. Lee, A. Lee, J. Frampton and C. McKenzie.

GET-TOGETHER MUCH ENJOYED

In an atmosphere depicting the sociability and jollity of a great family reunion, a large number, both young and old, gathered in the basement of Saint Paul's United Church last Wednesday evening to join in the get-together social of Saint Paul's and South Saanich United Churches.

The evening was one of a very informal nature and included games, contests and a varied program in which all participated.

The basement had been made to represent a living room in the home, its gay standard lamps in various positions about the room adding to the pleasure of the happy family.

Chief among the items of entertainment were a vocal solo by Mrs. Anstey, a reading by Mr. N. Frulick and comic skit put on by the Y.P.S. Refreshments, served by members of the C.G.T. group, were followed by the singing of many "old favorites" and the benediction by Rev. Thos. Keyworth.

The basement of the church, with its fine new floor and furnace proved an ideal spot to hold such an affair and many who had not previously seen the great improvement in the primary department of the Sunday School were able to do so on this occasion.

BUSINESS AT SAANICHTON SEES CHANGES

Review readers in the Saanichton area will be interested to know that Messrs. Clifford J. Hill and Howard Bull, of Sidney, have leased the Saanichton Garage from Mr. Geo. Stokes, owner of the property, and have taken possession and are now doing business under the name of Saanichton Garage.

For some time the garage has been run as a filling station only by Mr. Len Collins for Mr. Stokes, the latter being engaged personally in mining operations on Wolf Creek in the Leech River gold region.

Mr. Hill, who has been engaged at Readings & Son's Garage, Sidney, for a number of years, is a clever mechanic, ambitious and very interested in his work. Some two years ago he decided to enrol as a pupil of the B. W. Cook Motor Institute of America, Evanston, Illinois, in order to absorb the technical side of his work with the actual experience. Mr. Hill proved a brilliant pupil from the start and graduated with a very high standing, showing marked understanding of the fundamentals of all makes of automobiles.

Mr. Bull is just breaking into the mechanical mysteries of cars, but is mechanically inclined and thorough and will advance rapidly no doubt.

Messrs. Hill and Bull are operating the business on a partnership basis and we predict a successful future for these young men. They will attend to general repairs and overhauling of all makes of cars, will handle Goodyear tires and tubes and Shell gas and oils.

Automobile owners in the Saanichton area will make no mistake by getting acquainted without delay.

A FEW REASONS WHY

The following article has appeared in a number of our exchanges, and is reprinted for our readers:

"Dear Mr. Editor:—

"There seems to be so much talk about our so-called depression, I believe it is my duty to write my views on the same and help analyze the situation so far as is possible, so we can make up our minds we had ought to change our ways of living, and so forth.

"I have taken my own case for instance. I see my mistake, and many others have acted likewise. I bought a car instead of a farm and it is worn out, but the farm I figured on is still O.K. I invested in a radio instead of a cow, and the radio gives static instead of milk. I am feeding five hounds instead of five pigs. I had our piano tuned instead of the well cleaned out. I spent all my cash in 1928, used my credit in 1929, and traded upon future money in 1930, so hard times caught me in pretty bad shape last fall.

"If I had spent my last ten dollars for flour and wheat instead of gas and oil I'd have been O.K. I built a nice garage last year instead of covering the barn, and I loafed in the mountains two weeks instead of having the pasture fixed so the cow couldn't get out, but she is dry and mortgaged to boot for two blankets my wife bought from an agent instead of paying the taxes.

"I'm on a cash basis now, but ain't got no cash. I am tied to the end of my rope, and the man I'm working for is busted on account of nobody won't pay him. I had \$4 saved up for a rainy day, it turned dry and I spent the money for two inner tubes.

"Write or telephone if you hear of any relief from the Government coming down my way, and I'm willing to be either a Liberal, a Conservative or a Progressive for a few months, if that will help out any."

Another thing which would help business take an upturn would be for everyone to pay his or her debts, or at least pay a part.

WILL IT BE EVER THUS?

To the Editor,
Saanich Peninsula and
Gulf Islands Review,
Sidney, B.C.

Sir:—
The following resolution was presented to the North Saanich Board of Trade on the evening of October 11th:

"Believing as we do, that there has been unfair distribution of work, and unfair discrimination in the employment and scaling of workmen in connection with the work at Pier Island, therefore be it resolved:

"That the North Saanich Board of Trade places itself on record as being distinctly opposed to such principles and pledges itself to take such steps as are open to it to prevent any repetition of the method in future."

The meeting was well attended; the voting being nine for, the rest against.

Sir, with your permission, I wish to go further into this. The discussion, brought out at our previous meeting, was to the effect that men had been and were employed as carpenters at Pier Island who were not carpenters, while others who were could not get work.

This was stated to be a bad case of political patronage, easily proved, and generally commented upon in the district.

The writer thought that here was a chance for a responsible body to go on record as stated in the resolution and thereby beginning a better order of things. Quoting Latimer, he said that "This night we shall light such a beacon as by the grace of God shall not be put out." Probably an orator was needed who would certainly have used Latimer's previous sentence, "Be of good courage," as evidently this was lacking.

Now, as member of the resolution, I feel that I have gone through an unfortunate experience.

The North Saanich Board of Trade is composed of a group of men who undoubtedly are in the main gentlemen and there is no mistaking it. To me there is one troubling circumstance, and that is the matter: is that I am a carpenter and did not get a job at Pier Island. Surely, however, it is a duty and privilege of the aforesaid gentlemen to assume that I was quite disinterested?

It must furthermore be understood that I am not objecting to any one man having worked at Pier Island in preference to another.

My stand is that it is demoralizing to both the individual and the community to have to cater to this man and toady to the other man, or be a member of such and such an organization before being able to get work of this description. Perhaps it may be argued that this kind of business is not matter for a Board of Trade. I ask then: is there a better? Shakespeare makes Cardinal Wolsey say: "Let all the ends thou aim'st at, be thy country's, thy God's and truth's."

We as Britishers are very fond of patting ourselves on the back and reiterating in sentiment the old song, "Britons Never Shall Be Slaves." I submit, therefore, for consideration, this of James Russell Lowell's:

Men! whose boast it is that ye
Come of fathers brave and free,
If there breathe on earth a slave,
Are ye truly free and brave?
If ye do not feel the chain
When it works a brother's pain,
Are ye not base slaves indeed,
Slaves unworthy to be freed!

Is true freedom but to break
Fetters for our own dear sake,
And, with leathern hearts, forget
That we are ranking a debt?
No! True Freedom is to share
All the chains our brothers wear,
And, with heart and hands, to be
Earnest to make others free!

They are slaves who fear to speak
For the fallen and the weak;
They are slaves who will not choose
Hatred, seething and abuse,
Rather in silence shrink
From the truth they needs must
think!

They are slaves who dare not be
In the right with two or three.

What is it that is wrong with us? We are the only ones who can change this state of affairs. One big trouble is that we have one set of morals for Sunday and another set for the rest of the week; of which more later; or the editor will find this too long.

F. A. THORNLEY.

OWNERS OF PROPERTY—Are you annoyed by having outside parties trespassing on your property during the hunting season? The Review has prepared a sign with the proper wording to help you in case you are looking for relief during the shooting season from unwelcome trespassing. We have secured a canvas material that will withstand the rain and dampness better than ordinary card. Wording on the sign incorporates an extract from the Game Act, pointing out clearly that hunters cannot tramp all over your property without your consent. For your benefit we give you the exact wording on this sign:

NO SHOOTING OR TRESPASSING

Extract from B.C. Game Act: "Section 12.—No person shall at any time enter, with any firearm or trap in his possession, or permit his dog to enter into any growing or standing grain or upon any cleared land or land under cultivation, not his own, without the permission of the owner; and no person shall at any time hunt, shoot, or trap, or with firearm or trap in his possession go upon any enclosed land of another without permission of the owner, lessee, or occupant thereof."

The sign is 18 inches in length and 9 inches in depth. The price, 25c each or five for \$1.00, postpaid to any address in British Columbia. Review, Sidney, B.C.
